RE: STATEMENT BY FINNISH TOBACCO MANUFACTURERS' ASSOCIATION/ PRODUCT LIABILITY

Dear Steven,

After my discussions with Jukka Ant-Wuorinen on the draft by Mikko Tulokas and the comments you sent by fax today, I have continued the preparations of the letter. I have also received comments from the Finnish factories and lawyers, which I have included at my discretion.

While I get a chance to thank you for your good comments and amendment proposals, I am also enclosing the translation of the latest version on the letter. It is meant to be submitted to the Second Law Committee tomorrow after the representatives of the Finnish Tobacco Manufacturers' Association have orally explained tobacco industry's view in the issue.

Best regards,

Antti Puhakka
